

## Get Ready for ONS Bridge™ This September

ONS's premier virtual conference provides the latest in clinical oncology via live daily sessions on September 10 and 12, a bonus roundtable day on September 11, and access to recorded sessions through October 22.

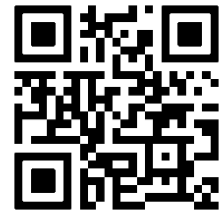

You can earn approximately 20 nursing continuing professional development (NCPD) contact hours by attending ONS Bridge this September through sessions you can view at your own convenience. Register today and unlock flexible learning.

## Get the Latest Guidelines and Recommendations on Cancer Treatment

Stay ahead of the latest cancer care developments with the second edition of ONS's *Chemotherapy and Immunotherapy Guidelines and Recommendations for Practice*. Dive into cancer pathophysiology, breakthrough drugs, and evidence-based symptom management for new therapies approved since the first edition's publication in 2019.

## Prepare to Attend ONS Bridge With the *Oncology Nursing Podcast*™

Earn free NCPD contact hours with the award-winning *Oncology Nursing Podcast*. As you prepare to attend ONS's virtual conference in September, listen to podcast episodes on topics you'll see in September, including radiation oncology, difficult conversations in cancer care, virtual reality, and artificial intelligence (AI).

- Episode 298: Radiation Oncology: Nursing's Essential Roles
- Episode 287: Tools, Techniques, and Real-World Examples for Difficult Conversations in Cancer Care
- Episode 281: Nursing's Role in AI in Health Care
